Subject: RE: Application P/18/1792/2 - Variation of Condition 10

NOT PROTECTIVELY MARKED

=====

Stuart,

Thank you for your email.

The previously approved application remains largely unaltered.

The current application seeks to amend Condition 10 to alter the times and days of operation to the premises.

The above approved condition reads as follows;

No public access to the premises shall be allowed other than between the hours of 8.00am and 11.00pm, Monday to Saturday, and the premises shall not open on 8.30am and 10.00pm Sundays or recognised Bank Holidays.

The applicant is seeking the following change;

The condition should be worded as per the report presented and approved by Plans Committee
No public access to the premises shall be allowed other than between the hours of 8.00am and 11.00pm, Monday to Saturday, and 8.30am and 10.00pm Sundays or recognised Bank Holidays.

Hope the above helps

Reddy

Subject: Application P/18/1792/2

Hi Reddy

I have received the application as a neighbour (153 Highland Drive), however having attempted to use the explorer I can't easily find any detail of this variation or the specific condition 10 referenced in the letter.

I would appreciate it if you could please clarify what this latest application is exactly so that we can respond accordingly. Given the continuing lack of information from the trustees involved in the proposed development we are keen to see what this latest update is & how it might impact us, assuming of course they somehow manage to raise the funds required which I am still waiting for their business plan to show how the centre will be viable ongoing.

Your help in locating the information referred to is appreciated.

Regards

Stuart
