Subject: Planning P/19/1562/2

Dear sir/madam

My name is Denis Fountain and I live at 12 Rockingham Close Shepshed LE129PR
I am writing in respect of planning application P/19/1562/2-Gelders Hall Road-Davey House-
Installation of 14 floodlights to the buildings exterior.

Some weeks ago when the floodlights were switched on before they were turned off due to lack of planning permission a floodlight high on the building to the rear was shining directly into my property's bedroom causing myself and my wife distress. I had not had any notice from the company before this happened and found it extremely uncaring to the surrounding community.

Incidentally I have lived in this property since 1972 long before the erection of the factory and feel I deserve better consideration in this matter.

I would appreciate it if you could let me know what measures will be put in place when considering this application to insure that there is no light pollution in the future.

Regards
Denis Fountain
