Charnwood Borough Council has considered this application under the Town and Country Planning Act, 1990, and grants permission for the development described in the submitted documents and on any accompanying plans and drawings.

1. The development, hereby permitted, shall be begun not later than 3 years from the date of this permission.

The following notes should be taken into account when carrying out the development:-

1. The development, hereby permitted, will respect the character and appearance of the building and application site, and will not result in any adverse harm upon the character and appearance of the local area, including the streetscene to All Saints Road, Thurcaston. Furthermore, the proposal would not lead to unacceptable amenity relationships for neighbouring occupants/residents, and would not harm general amenities in the area, nor would any adverse impact arise in respect of the matter of highway safety. Accordingly, the proposal accords with the up-to-date elements of Policies, CS2, and CS25 of the Charnwood Local Plan (Core Strategy), and "saved" Policies EV/1, H/17, ST/2, and TR/18 of the Charnwood Local Plan 2004; and no other material considerations indicate that the policies of the Development Plan should not prevail. Furthermore, the decision has been reached taking into account Paragraph 38 of the National Planning Policy Framework.
2. The Applicant is requested to note that this proposal may require separate consent under the Building Regulations and that no works should be undertaken until all necessary consents have been obtained. Advice on the requirements of the Building Regulations can be obtained from the Building Control Section, Charnwood Borough Council (Tel. 01509 634924 or 01509 634757). As such please be aware that complying with building regulations does not mean that the planning conditions attached to this permission have been discharged and vice versa.
3. The Applicant is requested to note that this permission does not affect any private property rights and therefore does not authorise the carrying out of any work on land outside their control. If such works are required it will be necessary for the applicant to obtain the landowners consent before such works commence. If you intend carrying out works in the vicinity of the site boundary, you are also advised that it may be expedient to seek your own advice with regard to the requirements of the Party Wall Act 1996.
4. Discussion with the applicant to seek an acceptable solution was not considered necessary in making this decision. The Local Planning Authority has therefore acted pro-actively to secure a sustainable form of development in line with the requirements of the National Planning Policy Framework (paragraph 38) and in accordance with The Town and Country Planning (Development Management Procedure) (England) Order 2015.

NOTES: **P/20/0917/2**

This notice grants planning permission only; it does not allow the demolition or work to a listed building, for which a separate consent is needed. If you are carrying out building work, you should check whether you need approval under the Building Regulations. Tel: 01509 634924/634757 or email: building.control@charnwood.gov.uk

If you are carrying out works on highway land, you should check whether you need the approval of Leicestershire County Council. Tel: 0116 305 0001 or email: information@leics.gov.uk You are also advised to check whether any restrictive covenants apply to the application site.

You can appeal to the Secretary of State for Communities and Local Government (SoSCLG) against our decision to include conditions on this planning permission. You must appeal within six months of the date of this notice, using a form which you can get from the Planning Inspectorate, Customer Support Unit, Temple Quay House, 2 The Square, Temple Quay, Bristol. BS1 6PN. Telephone: 0303 444 5000, website: <https://www.gov.uk/planning-inspectorate>

The SoSCLG can allow a longer period for making an appeal, but he will not normally do so unless there are special circumstances to justify any delay.

The SoSCLG need not consider an appeal if it seems to him that we could not have granted planning permission for the proposed development without the conditions we have imposed, having regard to planning law, to the provisions of any development order and to any directions given under a development order. In practice, the SoSCLG does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

If either we or the Secretary of State grants permission conditionally, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Access and provision for disabled persons.

If your proposal involves shops, offices, factories, educational buildings & buildings to which the public are to be admitted, you should check the requirements of the Chronically Sick & Disabled Persons Act 1970 (Sections 4,7,8 and 8A) requiring the provision of access facilities, car parking and toilets for the disabled and the provision of signing indicating what provision has been made for Disabled persons within the building. You should also check the Code of Practice B.S. 5810 : 1979, "Access for the Disabled to Buildings" available from the British Standards Institution, 2, Park Street, London, W1A 2BS and (in so far as educational buildings are concerned), to Design Note 18" Access for the Disabled to Education Buildings".

Access for fire brigade.

Where you make an application for approval under the Building Regulations for the erection or extension of a building, the Council will have to reject the plans unless, after consulting the Fire Brigade, they are satisfied that the plans show:

- (a) that there will be adequate means of access for the Fire Brigade; and
- (b) that the proposed works will not make inadequate any existing means of access for the Fire Brigade to a neighbouring building.
