Subject: Thorpebury S.73 - Brick Change

Hi Mark,

Hope you are well.

At Thorpebury we need to amend the Facing Materials Layout (for the DWH parts) within the S.73 applications as one of the bricks specified – the Ibstock Welbeck Village Blend – has been discontinued.

We propose to replace it with the Ibstock Welbeck Autumn Antique. I attach the revised Materials Layout for both the RMA2 S.73 - P/21/0631/2 - (H7941-002-01 Rev E) and the RMA3 S.73 – P/21/0571/2 - (H7941-002-51 Rev A).

I also attach revised drawing schedules for both applications which reference the revised plans.

Please can these amendments be included in the two applications now prior to a decision being issued? I hope that with the extension of time until 11th June this allows time for these layouts to be consulted on if required.

Kind Regards,
