

P/21/0816/2

Nicola Whyte

23 Herrick Close

Sileby

Loughborough

Please consider the following: Parking on Mountsorrel Lane is already problematic - more residents = more visitors and presumably less space to park on site.

How will this impact on drainage in Herrick Close and gardens closest - we already have rivers running down the street as the bottom of the road is close to the flood plain - what will be the impact of run off to Herrick Close residents be?

There is a level of wildlife in the area that whose environment could well be impacted - [REDACTED] and others.

The proposed build I believe would have impacts on each of these areas and therefore would ask the committee to reject permission
