Subject: Planning Application - P/21/0816/2

Hello,

Please take the following comments into consideration with regard to the above development.

1. Loss of privacy and light. Such a huge extension will affect the privacy to neighbouring properties with gardens/homes being overlooked.

There will also be a loss of natural light, many neighbouring properties are affected by the trees on the Highbury grounds which are not maintained by the care home - with neighbours paying themselves to have them cut.

2. Increased traffic in/out of the village on a very narrow, busy road, with the addition of flooding concerns.

Many thanks.
