Bernard and Deborah Brant

The Moorings

15a Pryor Road

Sileby

LE12 7NS

Sileby has had a significant number of houses approved for planning yet very little provision has been made for the infrastructure, the roads have excessive, dangerous and incorrect parking, schools are over subscribed and there is not a senior school provided, the doctors are also at capacity. Thus meaning every existing resident is struggling to access services they are entitled too as are the new residents. Cramming 3 more houses into a small area will not be beneficial. As a nearby resident our privacy within our house, including bedrooms and our garden will be violated.
